MIDLAND

ON-SITE CONSIGNMENT TOOL TRAILER

24/7 ON-SITE ACCESS

Midland Tool & Supply can provide large construction projects (outages, shutdowns and turnarounds) with onsite tool trailers. Our tool trailers ensure that high demand needs can be immediately met by providing:

- Customizable inventory
- 24/7 on-site access
- Unlimited users

Just like our warehouse, our tool trailers are exceptionally organized. Each is equipped with:

- Efficient shelving and stackable plastic bins
- LED overhead lighting
- Clearly labeled bin locations
- E-track hanger posts for air hose whips, stingers, grounds, and slings
- A spacious work table
- A workstation with a cellular enabled iPad and SDS sheets

53 foot trailer

INVENTORY MANAGEMENT

Our tool trailers are equipped with barcoding and inventory replenishment software, which can be accessed via a cellular enabled iPad at the workstation. Our software increases efficiency, accuracy, and reporting on the job-site by providing:

- Barcode and QR scanning of products as they are pulled from the shelves
- Restocking
- Immediate inventory updating
- Instant processing of inventory replenishment requests, prompt restocking
- Bin mapping for quick product location
- Searchable inventory
- Product photos
- App compatibility with iOS or Android-enabled smartphones
- Customizable expense reporting, including categorizes for issuer, shift, product category, trade, and sub-contractor
- Automatic reporting forwarding via email to anyone you chose for any date range
- User friendly interface
